# Getting to Know You

Physics 516

Name: _____

Date: _____ Block: _____

This assignment is designed to help me and others to get to know you as quickly as possible. It is really important to me that I know you for who you are. It is also really important to me that you know each other well and have a sense of community in this class. Positive relationships are very important to me and I hope they are to you as well. Be honest in your responses and share as much as you are willing to in your responses.

1. What has been your all time favorite class and what made it so great?

2. If there was no such thing as money and you had your basic needs met, what would you do with your life?

3. If you were stranded somewhere for one year with no more than five other people who would you want to be stuck with and why?

4. What do you want to get out of physics this year?

5. What is one accomplishment that you are really proud of?

6. What has been an obstacle in your life?

7. Ten years from now, what do you want to be know for?

8. What are some things that you are involved in outside of the school day?

9. What else would you like me to know about you that you feel would help me understand who you are as a person?

10. Is there anything I can do to make your school experience better?
